2027 COLLECTION

I concetti legati alle trasformazioni dell'abbigliamento si evolvono continuamente e coerentemente con tali sollecitazioni il cotone si mischia con altre fibre nobili creando articoli senza stagione. Ai filati lineari e classici, dalle mani e aspetti contrastanti, si affianca il movimento e l'energia delle fantasie. La collezione 2027 è destinata ad un mercato eclettico dagli stili unici e individuali.

Concept of clothing are changing continuously. Following this trend cotton get blended with other precious staples creating seasonless items. Manifold hands feeling and aspects of classic and linear yarns contrast to the energy and movement of fancy ones. The collection 2027 is thought for an eclectic market to create unique and individual styles.
